Transportation Needs Identification and Discussion February C4 Subcommittees

- What are the potential transportation project types in your jurisdiction? (discuss both *maintenance* of existing projects and plans for new *capital* projects)
- Does your jurisdiction have the means to pay for these projects?
- **If yes:** what are financial resources to pay for these projects?
- **If no:** what *could be* the financial resources to pay for the projects?

For Cities Subcommittee: these should be projects on your transportation systems plan.

For Non-Cities Subcommittee: brainstorm potential projects within the jurisdictions you represent and/or potential cross-jurisdictional projects.

The goal for this subcommittee meeting is *brainstorming* and *discussion*.
